

INNOVATING ACROSS BORDERS FOR BUSINESS GROWTH

Global
Innovation
Summit

EUREKA

MANCHESTER 14-16 MAY 2019

WHY ATTEND

INNOVATION SUMMIT

**Global
Innovation
Summit**
MANCHESTER 14-16 MAY 2019

EUREKA

The EUREKA Global Innovation Summit is an international meeting place for businesses and innovation agencies to share knowledge, network, collaborate and secure future business growth opportunities. Businesses from across the globe will join international innovation agencies, research organisations and policy makers for unique insights, practical ideas, inspirational stories and collaborative solutions.

FOR BUSINESSES

Gain knowledge and skills from the global innovation arena to access new markets and increase revenue, customers, collaborators, contacts and investment

FOR INNOVATION AGENCIES AND POLICY MAKERS

Increase collaborative innovation to contribute to economic growth, prosperity and sustainability and increase national competitiveness

While companies from all sectors are welcome to attend the summit it will be themed around the following:

**AI &
DATA**

**FUTURE OF
MOBILITY**

**CLEAN
GROWTH**

**AGEING
SOCIETY**

**GET
INVOLVED!**

**Global
Innovation
Summit**

VICTORIA WAREHOUSE

Global
Innovation
Summit
MANCHESTER 14-16 MAY 2019
EUREKA

Victoria Warehouse was originally a cotton storage facility built by the Liverpool Warehousing Company in the early 1900's. It quickly became a symbol of strength and innovation in the city. Kellogg's, Cadbury and McVities also utilised the space until a major fire damaged the interior in the 1980's.

Restoration began in 2009 and today Victoria Warehouse is a flexible and vibrant event space and a beacon of regeneration and continued innovation in the North West.

The North West is an important contributor to the UK's Innovation Landscape, having particular strengths in Digital Services, Advanced Manufacturing and Emerging Technologies.

As part of the EUREKA Global Innovation Summit we'll also be shining a spotlight on developments within the areas of health and life sciences and the impact the region has on the UK's Ageing Population Grand Challenge. We look forward to welcoming visitors from all over the world to this vibrant region of the United Kingdom.

EUREKA NETWORK

EUREKA

EUREKA offers the following instruments for countries to collaborate:

- Network projects: transnational market-driven collaborative R&D projects between EUREKA members and associated countries.
- EUREKA Eurostars Programme: a partnership programme between EUREKA and the EU's Horizon 2020 framework programme targeted at research intensive SME's.
- EUREKA Clusters: Longer term, strategic industry-led initiatives in various sectors that aim to develop new technologies key for future competitiveness, and which stimulate links between SMEs and large businesses.
- GlobalStars: collaborative projects between EUREKA countries and partners outside the EUREKA network (third countries).

Each year the chairmanship of the EUREKA network rotates among the member countries. The Chair sustains the momentum of EUREKA's work and represents EUREKA externally. As part of the Chairmanship, the UK is organising the Global Innovation Summit on behalf of the network.
